

Capability Statement

Providing innovative surfacing solutions

About Antiskid Industries

West Australian based company specialising in creative concepts and designs for epoxy resin flooring, slip resistant flooring products and floor surfaces for residential, architectural, commercial and industrial clients, including state government agencies and local governments.

The leading applicator of epoxy resin surfacing solutions for private, commercial and industrial floors.

Vivid coloured road and pavement safety delineation and skid-resistant surfaces, rapid installation cycle lanes and decorative flooring, street-scaping and landscape projects.
